

Flamboyance of Flamingos

Australia | South Eastern Australia

Art. Nr. 16017

Wine Description

This latest vintage of our Flamingos will continue to delight you with its rosy hues, intoxicating aromas and delicate flavours. You will undoubtedly be drawn to this wine, who like its namesake, displays exotic shades of pink. Though intoxicatingly rosy, our Flamboyance of Flamingos qualities don't stop there. Hidden in the fold of its stunning pink robe rests a closely guarded secret. Like a flamingo taking flight over a sun-drenched lake, our newest wine sparkles in the glass. A slight effervescent take on an otherwise delightfully sweet rosé Moscato, elevates this wine to heights only birds could reach. Discover the sweet and delicate palate, aromas of lime, cherry with a hint of musk and flavours of cherry, pineapple and lime while delicate bubbles tickle your nose.

Food Pairing:

Match our new sensation with fresh fruits, salads and light desserts.
