

## V.S.O.P. Fine Cognac - Edition Noir

France | Cognac

Art. Nr. 38146

### Wine Description

After 4 years of oak barrels ageing, it gets spicy notes of wood, tobacco and dried fruit with a hint of vanilla. On the pallet it is warm and surprisingly mild.

### Region Description

Cognac is distilled exclusively from white wines. The main grape variety in the area is Ugni Blanc (also called Saint Emilion), with Folle Blanche and Colombard grown to a lesser extent. V.S.O.P cognacs such as Edition Noir are among the best cognac qualities: this shows what can be created, if you carefully select wines of the best quality with a high aromatic potential and distil these gently.

### Food Pairing:

Enjoy at the end of a good dinner or with a mild and aromatic cigar. Goes well with almond or nut chocolate and nougat confectionery.
