

Jumilla Monastrell 2019

Spain | Murcia

Art. Nr. 43555

Wine Description

One of the most popular Spanish wines in our range for years. It captivates with its powerful and at the same time velvety character. It is made from 100% Monastrell grapes, a variety that finds ideal growing conditions in the hot and rainless southeast of Spain. In the glass, it shimmers black-red with strong purple reflections. Aromas of dark berries, herbs and hay are gently surrounded by hints of nutmeg. The tannins are supple and surrounded by a distinct and characteristic sweetness.

Region Description

Jumilla is a town and wine-growing region in the Murcia region of Spain, west of Alicante. The average rainfall here is only 300 mm per year, which is just about the limit for vines to still thrive. Typical for the area is the Monastrell grape, also known as Mourvedre in France, which is still cultivated in over 85% of the vineyard area.

Food Pairing:

Enjoy this sweet red wine with spicy cheeses. Of course, it also cuts a great figure solo.
