

Calle Mayor Cabernet Sauvignon

Spain | Castile-La Mancha

Art. Nr. 55521

Wine Description

This delicious wine encapsulates all of the rich blackcurrant fruit flavours of the Cabernet Sauvignon which are tempered by the soft hints of vanilla oak and linger on the palate.

Region Description

Situated in the heart of Spain just south of Madrid, this region accounts for 40% of all Spanish wine production and is favoured by wine makers due to the low yield of grapes per hectare which results in premium quality. Modern wine makers now harvest earlier than in the past and ferment at cooler temperatures which results in wines which are fresher, lighter, more aromatic and of a superior quality to those of the 1980's.

Food Pairing:

A wine to be savoured and a great partner to the local Manchego cheese, stews- pisto (a vegetable stew with tomato sauce), gazpacho.
