

Hazelnut Macadamia Liqueur

Germany

Art. Nr. 57730

Wine Description

Our Hazelnut Macadamia Liqueur is a luxurious and rich spirit that has been skilfully infused with the sumptuous flavours of hazelnuts and macadamia nuts. The aromatic and delightful essence of these two nuts is perfectly blended into an alcoholic base that may vary from vodka or neutral spirits to brandy or whisky.

The liqueur typically features a deep, golden brown colour reminiscent of the hues of the nuts used in its creation. The taste profile is characterised by a rich, sweet, and nutty flavour, offering a warm and smooth mouthfeel on the palate. The aroma mirrors the taste, with a complex, full-bodied scent of toasted nuts that exalts the bouquet.

Food Pairing:

Often served neat, on the rocks, or in cocktails, Hazelnut Macadamia Liqueur can also function as a delicious ingredient in desserts or food recipes. Its perfectly balanced sweet and savoury character combined with an irresistible nutty taste creates a truly unique and delightful experience for the senses.
