

Chianti Colli Senesi

Italy | Tuscany | Chianti

Art. Nr. 60031

Wine Description

This harmonious Chianti is characterised by grape variety and terroir, namely Sangiovese and Tuscany. Cherry red in colour, the bouquet also recalls cherries, redcurrants and pleasant smoky notes accompanied by chocolate and coffee. Very concentrated and versatile on the palate, with discreetly measured acidity and tannins. Balanced with a persistent structure, it is an excellent accompaniment to food.

Region Description

Next after Chianti Classico DOCG is Chianti Colli Senesi DOCG, the largest and most productive zone in the area.

The qualities here are so interesting that wine producers are more than happy to advertise the Colli Senesi name on the label.

As in the neighbouring zone, Colli Fiorentini, there is a great deal of climatic and geological variation, which means that the wines range from the sublime to the regular, harmless and everyday wines, but differences in technique also play a role.

Food Pairing:

Ideal accompaniment to the classics of Italian cuisine, such as salami, cheese and of course all variations of pasta with sauce.
