

Raft of Penguins

Chile | Central Valley | Curicó Valley

Art. Nr. 66051

Wine Description

Presenting Raft Of Penguins. If the label isn't enough, this wine offers lightly roasted berry, plum and cassis aromas with a hint of raisin and chocolate accents. Soft and fruity with round tannins, the palate is full of pure berry and spiced fruitcake flavours.

Region Description

Grown and produced in the Viña Echeverria, located to the eastern part of the Curico Valley, closer to the Andes Mountains. Its location here between the Andes and coastal mountains allows for diurnal temperature variation, which has the effect of producing high acid and high sugar content, as the grapes' exposure to sunlight increases the ripening qualities, while the sudden drop in temperature at night preserves the balance of natural acids in the grape.

Food Pairing:

Very versatile, this wine can be enjoyed with roasted and grilled poultry and red meat; BBQ beef, ribs or chicken wings; pizza and pasta, especially with meaty and tomato sauces.
